INTRODUCTION

1. PURPOSE

The purpose of this Illustrated Parts Catalog is to provide detailed parts breakdown of the Keith Products, Inc. air conditioning system for the Sikorsky S-76 helicopter.

This manual covers the three separate air conditioning systems available from Keith Products. Air conditioning system 85-02-101-1 uses Freon R-12 refrigerant. Air conditioning system 85-02-101-2 uses R-134a refrigerant. Air conditioning system 85-02-101-3 also uses R-134a refrigerant and is a higher cooling capacity system. The Keith Products air conditioning system is installed in accordance with STC SH5778SW.

2. SCOPE

The scope of the Illustrated Parts Catalog (IPC) provides the maintenance technician with detailed information covering:

- An IPC covering the breakdown of each major component of the air conditioning system, including part number and relevant illustrations.

3. ARRANGEMENT

This Illustrated Parts Catalog is arranged in accordance with Air Transport Association (ATA) Specification 100.

4. GLOSSARY

Nonstandard abbreviations and symbols used in the IPC are described below.

Abbreviations:

ADJ	-	Adjustment
A/R	-	As Required
Assy	-	Assembly
Blwr	-	Blower
Evap	-	Evaporator
IPC	-	Illustrated Parts Catalog
L	-	Lower
Mod	-	Module
STC	-	Supplemental Type Certificate

Keith Products, Inc
Illustrated Parts Catalog

SV - Service Valve
U - Upper

5. DETAILED PARTS LIST

The detailed parts list contains listing of assemblies and detailed parts arranged in disassembly sequence. The parts are illustrated on the referenced figure number.

A - Item Numbers

Item numbers on view illustrations are referenced in the "Item No." column of the Parts List.

B - Part Numbers

Numbers in the "Part No." column are used for identification and ordering of replacement parts. Only those parts with numbers are available as replacement items.

C - Nomenclature

Names in the "Nomenclature" column are also used for identification and ordering of replacement parts.

D - Effect

Parts that apply only to certain assemblies are noted with that assembly dash number in the "Effect" column.

E - Units Per Assembly

Numbers listed in "Units per Assembly" column indicate the total quantity of parts used per unit. Illustrations may not show the total quantity of that part per unit.
